

EXHIBITOR & PARTNERSHIP PROSPECTUS

HYDERABAD SPORTS INJURIES CONCLAVE 2027

In association with **Apollo Hospitals, Financial District** · Organised by **Precision Orthopaedics LLP**

30 & 31 JAN 2027

Saturday & Sunday

HYDERABAD

Venue to be announced

TWO HALLS

Case debate · rehab, physio & S&C

CME APPLIED

Telangana State Medical Council

The inaugural Hyderabad Sports Injuries Conclave brings orthopaedic and arthroscopy surgeons, sports physicians, physiotherapists and strength & conditioning coaches into one meeting built around a single question: **how do we get this athlete back?** The programme answers it on real athletes' cases, with the clinicians who use implants, braces, rehabilitation equipment and testing technology in the room.

WHO EXHIBITS HERE

Arthroscopy systems and implants

Rehabilitation and physiotherapy equipment

Sports nutrition and recovery

Orthobiologics and regenerative medicine

Imaging and diagnostics

Digital health and practice software

Robotics and surgical navigation

Braces, orthotics and sports supports

Publishers and education partners

FIVE REASONS, BUILT INTO THE PROGRAMME

01 DECISIONS, NOT LECTURES

Each Hall A block argues one real athlete's management: three surgeons with different positions, then the physiotherapist and the strength & conditioning coach on the same case, then a protected 20–30 minute floor debate. These are the clinical decisions that implants, grafts, braces and rehabilitation technology are part of. The nine scheduled blocks:

- | | | |
|---------------------------------------|--|---|
| 1 Shoulder instability in the thrower | 2 ACL rupture in the pivoting athlete | 3 Rotator cuff in the overhead athlete |
| 4 The torn meniscus: save it or not | 5 Hamstring tear & reconditioning | 6 The unstable ankle & stress fractures |
| 7 Hip & groin pain in the athlete | 8 The fast bowler's lumbar stress fracture | 9 Hand & wrist fractures in sport |

02 THE WHOLE RETURN-TO-SPORT TEAM

Surgeons, sports physicians, physiotherapists, strength & conditioning coaches and postgraduates. Hall B carries rehabilitation, physiotherapy, S&C and sports science, so rehabilitation, bracing, testing and nutrition companies meet the clinicians who use their products, alongside the surgeons.

03 BOTH HALLS BREAK TOGETHER

Both lunches and three of the four tea breaks fall at the same time in both halls, so every delegate is out of session at once: about 3 hours 20 minutes of shared break time across the two days, from the current indicative programme. On Saturday, lunch follows the all-delegate Return-to-Sport plenary, so the whole conclave leaves one room together.

04 ONE PARTNER AT EACH LEVEL

Platinum, Gold and Silver are each offered to a single company: three sponsors, not a crowded wall.

05 AN ANNUAL CONCLAVE

HSC 2027 is the first edition. Founding partners keep the first right to their level for HSC 2028.

WHO RUNS HSC 2027

CHAIRMAN

DR DEEPTHI NANDAN REDDY

COMMITTEE MEMBERS

Dr Amith Reddy

Dr Nitish Bhan

Dr Prashanth Reddy A

Dr Ravi Teja Rudraraju

Dr Harsha Vardhana Reddy

Dr Aakanksh

Dr Akshay

Dr Madhava Rao Nekkanti

Faculty announcement to follow.

ONE PARTNER AT EACH LEVEL

LEVEL	INCLUDES	CONTRIBUTION
PLATINUM SPONSOR ONE PARTNER	First position in the sponsor row at the exhibition entrance, around 9 × 3 m (or 6 × 6 m where the floor plan allows) · a 30-minute product session in the exhibition area at Saturday lunch, outside the CPD programme · named first, and largest, as Platinum Sponsor on the website, printed programme, acknowledgements panel and venue signage outside the halls · back cover of the printed programme · one insert in the delegate kit · 6 company representative passes	₹25,00,000 + GST
GOLD SPONSOR ONE PARTNER	Second position in the sponsor row, a corner stand of around 6 × 3 m · a 20-minute product session in the exhibition area at Sunday lunch, outside the CPD programme · named as Gold Sponsor on the same listings · inside front cover of the printed programme · one insert in the delegate kit · 5 company representative passes	₹15,00,000 + GST
SILVER SPONSOR ONE PARTNER	A stand in the sponsor row, around 6 × 3 m · named as Silver Sponsor on the same listings · inside back cover of the printed programme · one insert in the delegate kit · 4 company representative passes	₹10,00,000 + GST

EVERY SPONSORSHIP ALSO INCLUDES

FOUNDING-PARTNER RIGHT

First right to the same level at HSC 2028, held for you until 31 March 2027.

POST-CONCLAVE REPORT

Verified attendance by profession and day from conclave check-in (counts only, no personal data), photographs of each deliverable in place, and the product-session head count.

FIRST REFUSAL

First refusal on the partnership menu (page 4): when another company asks for a menu item, we offer it to you first and hold it for 7 days.

All amounts are exclusive of GST at 18%, charged on our tax invoice. Stall sizes are indicative and confirmed against the venue floor plan. Passes and badges cover exhibition access, lunch and tea on both days.

THREE STALL SIZES

STALL	SIZE, POSITION & BADGES	CONTRIBUTION
PREMIUM	Around 6 × 3 m in the row directly behind the sponsor row · 3 exhibitor badges	₹5,00,000 + GST
STANDARD	Around 3 × 3 m in the exhibition hall · 2 exhibitor badges	₹2,00,000 + GST
COMPACT	Around 2 × 2 m, for a focused product line · 1 exhibitor badge	₹1,00,000 + GST

FLOOR ZONES

The sponsor row is reserved for the three sponsors. Premium stalls take the row directly behind it; Standard and Compact stalls take the main exhibition hall.

BOOK BY 13 NOVEMBER 2026

Stall holders whose advance arrives by 13 November 2026 choose their position, in the order the advances arrived, as soon as the floor plan is ready. Later bookings are placed by the organisers.

EVERY STALL INCLUDES

Shell scheme, confirmed against the venue's exhibition contractor:

- Fascia with your company name
- Carpet and a waste bin
- One table, two chairs (one for Compact)
- Lighting and one power point

PARTNERSHIP MENU

Quoted on request · + GST at 18%

ITEM	WHAT IT INCLUDES	AVAIL.	CONTRIBUTION
Hands-on skills station	About 3 × 3 m in the exhibition area, separate from your stall, open in every shared break on both days, labelled outside the CPD programme, and run by your application specialists on models (no patients). One surgical dry-lab, one rehabilitation & performance testing. Sponsors and stall holders only.	2	On request
Delegate kit	Your logo inside the bag and on the kit card (HSC 2027 mark outside); conference material and professional-use items only · 2 passes	1	On request
Registration area	Your name on the counter fascia and backdrop (never on badges or lanyards)	1	On request
Kit insert	One A4 sheet or four-page leaflet in every delegate kit	4	On request
Charging station	A branded phone-charging station in the exhibition hall	2	On request
Programme page	One full page in the partners section, after the scientific programme	6	On request

WHAT WE DO NOT SELL

- × Sessions or speaking slots inside either scientific hall
- × Branded badges or lanyards
- × Delegate travel or hotels
- × Logos, slides or seat covers inside the halls
- × Company-hosted lunches, dinners or a gala
- × Gifts, prize draws or sponsored awards

It keeps the programme independent, and it makes your compliance sign-off simple.

FOR YOUR COMPLIANCE TEAM

Partnerships are set up so they can be recorded and disclosed under the Uniform Code for Pharmaceutical Marketing Practices 2024 and the Uniform Code for Marketing Practices in Medical Devices 2024:

- Every partnership is against itemised deliverables in a written agreement – stall, acknowledgement, product session – not an unrestricted grant.
- Sponsorship funds the conclave, not individual doctors. No travel, accommodation, gifts or cash are passed to delegates on a sponsor's behalf.
- The conclave is held in Hyderabad, and its programme and faculty are independent of sponsors.
- We issue a GST tax invoice, and after the conclave a statement of the deliverables provided, for your disclosure records.
- Before the conclave we publish on sportsinjuries.care how speakers and participants are selected; after it, a statement of funding sources and expenditure (sources named, amounts in total) – as clause 6.2(iv) of both codes asks of organisers.

ACCREDITATION

The conclave has applied for CME credit points with the Telangana State Medical Council; approval has not yet been granted. To protect that application, and the reason delegates stay in the room, partnerships are structured so that:

- Product sessions and demonstrations take place in the exhibition area during breaks and are labelled as outside the CPD programme.
- Sponsors are acknowledged on the website, in the programme, on an acknowledgements panel and on signage outside the halls – not on slides or branding inside the scientific halls.
- Faculty, session titles and scientific content are chosen by the scientific committee alone. Sponsors have no say in content or speakers, and this is set out in the sponsorship agreement.

TERMS

- 1 Booking.** A booking form signed by both sides lists your deliverables and holds your level or stall for 14 days. Where two companies want the same level, the first cleared advance secures it.
- 2 Payment.** 50% on booking; the balance by 31 December 2026. Bookings made after 15 December 2026 are paid in full.
- 3 If you cancel.** 10% of the contribution is retained if you notify us by 30 November 2026; 25% from 1 to 31 December 2026; no refund from 1 January 2027.
- 4 If we cancel or postpone.** If we cancel the conclave, a full refund within 30 days. If we postpone it, keep your booking or take a full refund.
- 5 Venue.** We send the floor plan within 14 days of the venue announcement. If the venue cannot give the size you booked, move to the nearest size with the price adjusted, or take a full refund.
- 6 Vacant levels.** A sponsorship level that falls vacant is first offered to the partner one level below, for the difference in contribution.
- 7 Use of a stall.** A stall is used only by the company that booked it; a principal may display a distributor's products with our written approval.
- 8 Names and logos.** Each side uses the other's name and logo only for the listings the booking includes; nothing may imply endorsement by HSC or its faculty.
- 9 Responsibility.** Each side is responsible for its own people and contractors; exhibitors insure their own exhibits.
- 10 Law.** Indian law applies, with the courts at Hyderabad, after 30 days of good-faith negotiation.

EXHIBITOR GUIDELINES

- 1** Staff your stall throughout exhibition hours.
- 2** No sound projected beyond your stall.
- 3** No demonstrations in the passages.
- 4** No gifts, prize draws or personal-value items — educational items only, up to ₹1,000 each.
- 5** Demonstration units go back with you.
- 6** No nails or screws on shell panels.
- 7** Custom stand designs are approved by us in advance.
- 8** The full exhibitor manual follows with the floor plan.

HOW TO CONFIRM

Write to precisionortho4488@gmail.com with your company name, product category and the sponsorship level, stall size or partnership-menu item you want. Each sponsorship level is open to one partner. Contested levels and stall positions go in the order cleared advances arrive (page 4 and term 1), so an early advance decides where you stand on the floor.

WHAT WE WILL NEED FROM YOU

- Company name exactly as it should appear in print, and a single named contact with a phone number.
- Your logo as a vector file (SVG, AI or EPS), or a PNG at least 2000px wide on a transparent background.
- GST registration details for invoicing, and a purchase order reference if your company requires one.

PAYMENT

Bank details are issued with your signed booking form and on our GST tax invoice — never in an email on their own.

- GST is charged on our invoice under forward charge — please do not also pay it under reverse charge.
- If you deduct TDS, tell us the amount and section with your remittance, and send the Form 16A certificate when it is issued.

We will never notify a change of bank account by email. If you receive such a message, call your HSC contact on a number you already hold for us, never one given in that message, before transferring.
